

- **Polystyrene - all forms** including plates / cups for recycle
They should be fairly clean!

X but not the small packaging "chips"

- **Containers** presented to the site attendant in a clear bag.
Remove the bag before putting in the roll-on container!
- **Paper** presented to the site attendant in a clear bag.
Remove the bag before putting in the roll-on container **unless**
it is white shredded!
- **Pringle** style food / drink container
It is recyclable. It goes in our container steel bin for baling.
- **Card egg boxes**
....go into the fibre bin. We separate them into the boxboard stream.
- **The Tim Horton cups**
....go into organics (MOLUK)

Thanks,

Dave Bromley
Diversion Supervisor
Ottawa Valley Waste Recovery Centre

GARBAGE

Artificial flowers/plants
